

Introduction Toddler CLASS®

November 9 & 16

8:30am-12:00pm

Description

This overview of the CLASS tool is designed to help participants learn about effective teacher-child interactions and the ways these interactions help children learn. Your instructor will provide an overview of the CLASS tool and its domains and dimensions. Training will include video examples for each dimension as well as activities to engage participants.

This is an optional supplement to the 1-hour *Introduction to the AEII Initiative* sessions that our team is providing (which include a brief overview of CLASS, primarily at the domain level). The **Introduction to CLASS Toddler Trainings** are meant to increase teachers' and leaders' knowledge of the Toddler domains and dimensions.

Target Audience

Administrators/Leaders, Teachers, and IAs who are interested in learning about CLASS.

This training is not for those seeking CLASS observer certification.

Training Location

Remote – Zoom link will be provided
