

## AEII-CASTL CLASS® Resources

New to CLASS® or need a refresher?

The [Classroom Assessment Scoring System](#) (CLASS®) helps local leaders observe and understand the effectiveness of interactions in birth-to-five classrooms as part of [VQB5](#). CLASS® data can help teachers and leaders identify areas of strength and growth to improve teacher-child interactions.

**Learn what CLASS® is all about and discover the similarities and differences between the Infant, Toddler, and PreK tools.**

### CLASS® Summary Tools

These documents provide at-a-glance descriptions of the CLASS® domains and dimensions.
